

FIBERTEK, INC.

AN ADVANCED PHOTONICS COMPANY

13605 DULLES TECHNOLOGY DR
HERNDON, VA 20171
703-471-7671

Technical Program Manager

Fibertek, Inc. (www.fibertek.com) is a leading developer of electro-optical systems for the aerospace community, with key contributions to earth-sensing, laser communications, and lidar sensors for NASA, DoD, and commercial customers. We are looking for a highly motivated individual to lead a group highly specialized experts to develop new laser transmitter subsystems, lidar systems, and space-based communications systems.

Your Job

The Technical Program Manager will interface with the customer and develop system design concepts that meet program objectives. The workload will at times include multiple concurrent projects, with a mix of small, quick-turn projects and larger, longer-term projects. Your role will include:

- Establish system key performance parameters; and the requirements flow-down to subsystems
 - Lead engineering and manufacturing teams through the end-to-end development of active electro-optic systems
 - Assign tasks to program team members and set/communicate program priorities and goals
 - Keep senior management apprised of status/issues (technical, programmatic, workforce)
-

Desired Skills and Experience

- BS engineering, MS engineering preferred
 - 5 to 10 years of design, build and test experience
 - Minimum of 5 years program management experience
 - Systems engineering experience
 - Strong communication and documentation skills
 - Excellent customer interfacing skills
 - US citizenship required
-

Why Fibertek, Inc?

FIBERTEK, Inc. is a recognized leader in advanced laser, lidars and laser communication systems providing our DoD, NASA and Aerospace customers discriminating capabilities. We pride ourselves in our innovation and customer success focused culture enabled by a creative and relaxed work environment with minimal bureaucracy. Fibertek is in the center of northern Virginia's technology corridor and near the world-class cultural venues in our nation's capital and a wide range of outdoor activities offered in the Blue Ridge Mountains and Chesapeake Bay areas. We are within walking distance of the DC metro station opening in 2020. Fibertek fosters a progressive learning environment that values inspiration, promotes professional challenge and encourages personal growth. We offer competitive and incentivized compensation package with excellent benefits.
