

Career Opportunities

Engineer (Mid-level)

Fibertek has an immediate career opportunity for an Engineer (Mid-level) for on-site assignment at Fort Belvoir, VA.

Job Overview

Provides supporting the administration of processes and analytical support for the development of acquisition program documentation, to include the Acquisition Strategy, Acquisition Plan, Acquisition Program Baseline and Test & Evaluation Master Plan. Provided input to the Acquisition Requirement Package (ARP). Analyzed, interpreted, and implemented statutory, regulatory and policy requirements. Provides acquisition support. Identify and prioritize short/long term funding requirements; provide input to obligation plans, Life Cycle Cost Estimates (LCCEs), R-Forms, P-forms, C-Forms, the Long-Range Research and Development Plan (LRRDP) and Program Objective Memorandum (POM). Prepare impact statements in response to proposed decrements. Formulate acquisition program objectives, plans, milestone schedules and analyzed resource requirements. Satisfies ACAT reporting requirements to include Selected Acquisition Report (SAR), Defense Acquisition Executive Summary (DAES), and Monthly Acquisition Program Reports (MAPRs) as required. Utilize Contract Performance Reports (CPRs); identify potential/actual issues and coordinated with contractor to ensure corrective action plan is in place. Develop cost/schedule performance analysis. Participate in the development of Acquisition Requirements Packages (ARPs).

Participates in the formulation of Acquisition Strategy as a member of a cross-functional product team and contractual requirements packages to include but not limited to Performance Work Statements (PWS), Independent Government Cost Estimates (IGCE), Quality Assurance Plans (QASP), Acquisition Plans (AP) and Justification and Approvals (J&A). Supports various additional tasks and projects of necessity at the discretion of the PL/APM/DPM/PM. Serves as the focal point for programmatic documentation / maintenance of SharePoint archives. Recommends process improvements to streamline administrative efforts.
