SASSY Program Manager

Fibertek, Inc. is a leading developer of laser and electro-optic systems for the aerospace community, with key contributions to lasers for atmospheric sensing, laser communications, and lidar sensors for NASA, DoD, and commercial customers. We are looking for a highly motivated individual to join our division at Adelphi, MD to lead and supervise the SASSY program through completion, overseeing successful output. The selected individual will outline the program's goals and objectives while acting as a liaison between program staff and upper management and executives.

Your Job

The successful candidate will perform program management duties for the OSD RFP SASSY program. They will assist ARL lead technical leads with program management capabilities to provide SASSY transition able products on-time and to meet or exceed military requirements given period of performance (PoP). You will join an agile small business that has a dedicated team of technology and business leaders with 35 years of success behind them. Your role will include:

- Coordination of SASSY program both internally to ARL and externally to customer-funded sponsor and transition OGAs.
- Assistance with the development of program execution, goals, and dissemination of SASSY information in the form of briefings, documents and reports.
- Developing rapport for customer relations with military agencies for transition of SASSY technologies to meet warfighter requirements.
- Assistance in developing new transition partners for SASSY technology capabilities.

Required Skills and Experience

- Bachelor's degree, minimum (higher degree desired), in STEM preferred.
- Prior military experience to coordinate product to military requirements and to assist us with coordinating and developing customer relations with various military led organizations.
- Experience as a Program Manager, experience overseeing government programs and in dealing with government and military personnel.
- 15 Years' experience in field desired.
- Good communication skills to discuss issues and potential solutions with other groups and personnel to find answers to a new problem set.
- MS Suite of office applications
- Good attention to detail and documentation
- Strong work ethic, positive attitude, self-starter, punctual and good attendance record with the desire to develop professionally
- Must have or be able to obtain a secret clearance
- US Citizenship required

Why Fibertek, Inc?
